

You have the power to help, just by switching energy providers.

Switch your electricity or natural gas to us and we'll donate 50% of the profit made on your energy usage to the charity of your choice. Now you have the power to help save animals, support cancer research, feed the homeless, help children and more, just by switching energy providers. It doesn't cost you more to help and it only takes a few minutes. Use your power for good, switch today.

Sponsor Energy is based on a simple idea: To do good.

We believe it's possible to make money and make a difference. Half of our profit goes to a charity of your choice—at no extra cost. We're part of a growing movement by industry to do more and to do better. A movement that empowers people to take small actions individually that can have a big impact, collectively. Now you have the power to help save animals, support cancer research, feed the homeless, help children and more, just by switching energy providers.

Sponsor Energy is based on a simple idea: To do good. Half of our profit goes to a charity of your choice – at no extra cost.

We're doing something meaningful that makes money and makes a difference.

We're part of a growing movement by industry to do more and to do better. A movement that empowers people – to take small actions individually that can have a big impact, collectively.

You have the power to help save animals, support cancer research, feed the homeless, fund business incubators and more – just by switching energy providers.

When you switch your energy contract to us, 50% of the profit we make on your energy usage goes to a not-for-profit partner of your choice. It doesn't cost you any money to switch and the pricing always remains competitive.

We do this because our goal isn't to maximize shareholder value, it's about shared values with others in our community. We believe that it's possible to make money and make a difference. We are a B Corp that uses money wisely to pay our people, run the company and help the business grow – and after that, we help others do good in our community.

Use your power for good. Switch to Sponsor Energy:

Enjoy Great Rates

Whether you are a commercial or a residential customer, it is important to us to keep our rates low and our service exceptional.

Preserve the Environment

Our green energy program allows you to convert your electricity to energy sourced from renewable assets.

Support Community

We share 50% of our profits on each customer's electricity and natural gas usage to the Community Partner of your choice.
